

Live to love – Kunga Australia

I feel so scared  
when I look at the world  
People are dying  
How can we be so cruel  
I feel so hopeless  
I feel so sad  
How can we stand here watching the world go  
so mad

When I was a child  
I didn't know  
that some people  
Could be so cold

I think we can make it  
I think we can care  
It's something so easy  
It something so rare

We've got to Live to love  
Give to love  
We've got to live to love  
And then we'll love to live  
We've got to Live to love  
Give to love  
We've got to live to love  
And then we'll love to live

there's to much killing  
there's so much pain  
It happens to us  
then we do the same

I think we can make it  
I think we can care  
It's something so pleasing  
It something so rare

We've got to Live for love  
Give to love  
We've got to live to love  
And then we'll love to Give  
We've got to Live to love  
Give to love  
We've got to live to love  
And then we'll love to Give

Love to Live  
Love to give  
Love to Live  
Love to give

Live to love.
